

New Mexico- Congressman Harry Teague will continue his "Harry in Your Hometown" outreach program on Wednesday with an event in Las Cruces. Members of the public are encouraged to attend to share their thoughts on the current health insurance reform proposals being discussed in Congress and other federal issues. Congressman Teague also invites constituents to attend to learn more about how his office can help them solve problems with federal agencies.

This week's event in Las Cruces marks the Congressman's 50th "Harry in Your Hometown" event since taking office in January. In addition to opening 6 Congressional Field Offices and hosting Mobile Office Hours, the "Harry in Your Hometown" program is a community outreach initiative developed by Congressman Teague to help him stay in touch with constituents throughout New Mexico's second congressional district. Wednesday's event is another in a series of health insurance reform events Congressman Teague has held during the August district work period, including additional "Harry in Your Hometown" events, a tele-town hall focused on health insurance reform and several roundtable discussions with constituents and health care professionals across the district.
